

Arkansas Water Works and Water Environment Association (AWW&WEA) 2019 Exhibitor Policy and Procedures

1. CONDITIONS OF PARTICIPATION

Exhibitors, including all representatives, agree to abide by the following policies and procedures within the Exhibit Area. It is understood that the AWW&WEA Exhibit Committee will control the Exhibit Area.

2. ELIGIBILITY

Any company manufacturing or providing products for or services to the water and wastewater industry is eligible to exhibit. AWW&WEA reserves the right to determine the eligibility of any exhibit or exhibitor; and has the right to close or reconfigure any exhibit that is found to violate the agreement described herein during the course of the exhibition. Registration for exhibit space may be made online at the AWW&WEA website (www.awwwea.org).

Printable registration material may be found online at www.awwwea.org, or you can request an exhibitor packet by email at ashley@angelarogersgroup.com or by phone at 501-904-5228.

3. ASSIGNMENT OF EXHIBIT SPACE

Booth spaces will be assigned in the order in which they are received. The completed exhibit application form and payment must be received at AWW&WEA prior to booth space assignment. The best opportunity for preferred exhibit locations is to submit your application and payment as soon as possible beginning December 1, 2018. Application forms received will be assigned on a first-come, first-served space-available basis.

Booth assignments will be available to exhibitors within two weeks of receipt. Space will not be assigned to a company that has not paid the correct fee.

All exhibit space applications will be held in the order in which they are received. Due to the number of space reservations received, AWW&WEA cannot guarantee assignment of all exhibitors' booth choices. If a requested space is not available, the 'next best available' space will be assigned as determined by: the type and size of the exhibit; its individual requirements; declared location preferences; past exhibiting history; and the overall needs of the AWW&WEA in the Exhibit Hall. AWW&WEA reserves the right to reassign booths as needed. Any relocated Exhibitor will be notified immediately, and every effort will be made to update related signage.

A copy of the proposed **floor plan** is included in the exhibitor packet. Please select your first, second and third choices for exhibit location. AWW&WEA cannot guarantee assignment of all exhibitors' booth choices. Exhibit spaces already reserved can be found on the exhibit hall map online at www.awwwea.org.

The floor plan may change once space assignments are completed to configure the requested multiple-booth areas.
